

ANSALMA V. RODRIGUEZ

210-831-0315 | ansalmarodriguez15@gmail.com | linkedin.com/in/ansalmavrodriguez/ | Austin, TX

EDUCATION

The University of Texas at Austin

December 2026

Bachelor of Science, Mechanical Engineering

- GPA of 3.59
- Relevant Coursework: Rocket Engineering Practicum, Mechanical Theory/Design for Sensing/Measurements, Data Science for Engineers

WORK EXPERIENCE

Micron Technology, Boise, ID

May 2026 – August 2026

AMHS Equipment Engineer Intern

- Developed a laser alignment system for Murata SRC Vehicle Auto Teaching Unit (ATU) to standardize under-track and side-track bin adjustments for FOUP placement alignment
- Resolved a vehicle error by implementing hardware and software changes resulting in 1,100 minutes of technician time savings annually
- Reverse-engineered vehicle remote IR frequencies enabling in-house diagnostics without vendor support

Micron Technology, Boise, ID

May 2025 – August 2025

AMHS Equipment Engineer Intern

- Implemented 500 look forward sensor changes for 200 vehicles in the overhead hoist transport system
- Decreased delivery times by 5% to save \$340,000 in vehicle efficiency gains
- Updated equipment layouts using AutoCAD and created standardized work documentation

GE Appliances, Louisville, KY

August 2024- December 2024

Product Quality Engineer Co-op

- Performed mechanical failure autopsies and root cause analysis on 30+ units
- Analyzed data across 10,000 field service calls to support equipment improvements
- Implemented standardized work and quality changes in assembly line to reduce time by 7%

Southwest Research Institute, San Antonio, TX

June 2024 – August 2024

Electromechanical Engineer Intern

- Designed and rapidly prototyped electromechanical system to control DaVinci Surgical Tool instrument
- Designed button enclosure and microcontroller enclosures for commercial and military applications

LEADERSHIP

GE Appliances

September 2024 – December 2024

Professional Development Co-chair

- Executed co-op professional development events through internal workshops and tours for 20-30 participants per event
- Organized photoshoot opportunities for 90 co-ops to receive headshots

Society of Hispanic Professional Engineers (SHPE)

External Liaison Co-chair

June 2025 – May 2026

- Executed Road to Convention Workshop series for 50+ UT SHPE members, relaying past experiences in career fair environments

Communication Liaison

June 2024 – May 2025

- Increased engagement by 10% on UT Austin SHPE LinkedIn account with 500+ followers
- Monitored communications with 20-30 sponsoring companies

Community Co-chair

May 2023 – May 2024

- Planned volunteering and community service opportunities for 10-20 members in SHPE UT Austin
- Collaborated with National Society of Black Engineers and Pi Sigma Pi in community engagement

SKILLS

Technical: Python, MATLAB, SQL, Arduino, SolidWorks, Autodesk Inventor, Fusion360, Soldering, GD&T, Additive Manufacturing, Finite Element Analysis, Cleanroom Environment, Electrical Prototyping
